TIRED OF A QUIET LIFE. NO ACCOUNTING, HE SAYS.

After Warning His Wife of His Intention He Suddenly Disappeared at Night and Is Missing.

Born and raised on Staten Island, John Eib had lived there for fortycontentedly went about his business as a dairyman at his home on Magger avenue, Concord, Staten Island.

quiet life he was leading on Staten Island. He wanted the roar and bustle of the city about him, and just previous to his departure said to his wife:

"it's better late than never. I'm going away from here some day and see
things in the city."

Mrs. Eib paid no attention to the remark, as she had heard her husband
talk that way before.

On the night of July 1 he retired early
and was sleeping with his-little son. One
of the family heard a noise in the house
that night, and going downstairs to investigate it was found that Eib had
gone. The household was alarmed, and

### SAVED FROM SUICIDE.

McMullen Wanted to Die Because Brother's Widow Married Again. James McMullen, fifty-two years old, of No. 1456 Fulton street, Brooklyn, attempted suicide last night because the widow of his brother, by whom she had sixteen children, had married again. McMullen drank a large quantity of turpentine and would have succeeded in dying had not his groans attracted the attention of his landlady. Mrs. Hurley. She summoned one Pat McLaughlin, a conductor, who recently served on a coroner's jury in a case of suicide by carbolic acid.

In his capacity as a coroner's juror he heard testimony to the effect that milk is an antidote for carbolic acid. He remembered this and made McMulen drink a quart of milk, saving his life. The despordent motorman is a prisoner at St. Mary's Hospital. widow of his brother, by whom she had

As a promoter of schemes of worldwide interest Andrew F. Power has be-come entangled with Gov. Charles D. seven years with his family without Kimball, of Rhode Island, who has seever once leaving it. He had never cured a summons for his appearance been in New York or Brooklyn, but before Magistrate Deuel on Aug. 6, as told in The Evening World. Power's schemes had many ramifications, and the success of one was apparently contingent upon the success of all.

Merchants and manufacturers were the people that Powers interested in his concerns, which were designed to build July 1, and his family and relatives

Power, who is now in Boston, in an interview declared that the concern with which he and Gov. Kimbali were identified had no connection whatever with the Export Association. He stated that he and his associates did not agree with Gov. Kimbali regarding the conduct of the association and that they forced him out of the directorate. Mr. Power stated that Gov. Kimbali was not warranted in saying that he had been refused permission to inspect the books of the concern.

## Sunstroke Insurance

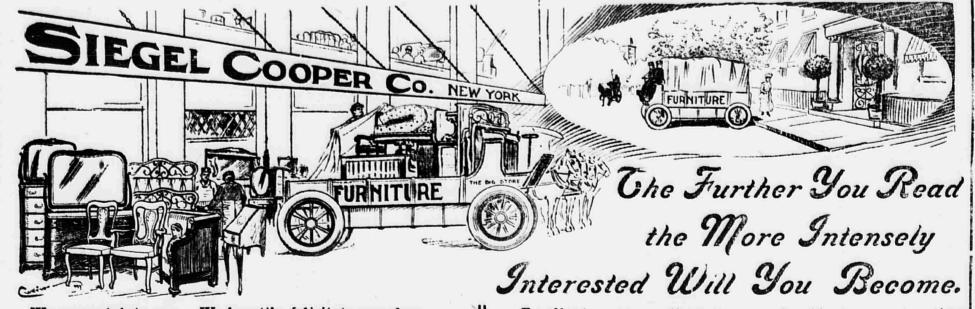

When the summer's heat gets about 90 degrees, you are liable to be sunstruck any time you are out in the sun, unless you take proper precautions. Several years ago, the writer of this, who has spent much of his life in the tropics, thought he was safe from sunstroke. One day he collapsed, remained unconscious for five hours, and at times his life was despaired of. As a matter of fact, any person whose stomach and bowels are in bad shape in the summer time, is liable to be sunstruck in tem-

perature that would be harmless under normal conditions. That's all there is to it. Stomach and bowels full of festering, fermenting refuse that forms acids and gases, raise the heat of the body and blood many degrees. Scientists have found that natives of the South Sea Islands, living on laxative

fruit, bananas, cocoanuts, bread-fruit, have a temperature 20 degrees lower than that of white men who are careless about their food or their bowels. It has been found in years of experience, that a CASCARET Candy Cathartic taken at bed-time every night will keep the body clean and cool inside all day, and forms a safe and thoroughly reliable form of sunstroke insurance.

We congratulate you. We heartily felicitate ourselves. In inaugurating this Twelfth Semi-Annual Sale of Furniture we feel a profound conviction that it excels any similar event. It is certainly larger and more comprehensive than any sale The Big Store ever held, and this, in view of our many splendid achievements, is decidedly a remarkable thing to say.
